# Ashiana Senior Living, is life at its *fullest.*

Ashiana Senior Living offers a lifestyle that is not only healthy and dignified but also active, carefree, and independent. At Ashiana, we are constantly looking for ways to create opportunities that allow our residents to realize their potential for physical, social, and mental well-being throughout their lives.

As pioneers of Senior Living in India, we have successfully implemented this concept in our existing communities at Bhiwadi, Jaipur, Lavasa and Chennai, where over 1,800 residents are living a vibrant life full of enthusiasm. And after over a decade of learnings from managing such communities, Ashiana once again brings an opportunity to experience a unique lifestyle that will help you transform your life after retirement into life at its fullest!

Welcome to Ashiana Niramay.

# Active lifestyle

Your life at Ashiana Nirmay will be planned in such a way that every day will be a new experience! Relive your college days in an environment that promotes companionship and camaraderie amid like-minded people. Not only great company but also tambola evenings, movie shows, seminars, cooking classes and so much more are sure to keep you busy all day long.

\*Residents, Ashiana Nirmay

Our active seniors celebrate every occasion from birthdays to anniversaries and not to mention festivals, with zest and zeal. No doubt you'll be transported back to your carefree days.

Moreover, you'll also find yourself spoilt for choice with plenty of indoor and outdoor activities at the Activity Centre. Every day here can be different. One day you could be hiding behind a book in the library and on another you could be playing a game of cards or honing your precision skills on the carrom board, learning the use of computers or even creating something new at the art and craft workshop.

From day-to-day activities to special events like Flash Mob, Fashion Show etc., you will be pleasantly surprised with all that you can do.

# Healthy *living*

Ashiana Nirmay has everything for everyone. If you're a fitness buff, you can start your mornings with an invigorating walk on the walking tracks surrounded by water bodies and then a peaceful session of yoga to keep both mind and body in shape. Or catch an energizing workout in the fully loaded gymnasium that also has a wellness expert available to guide you.

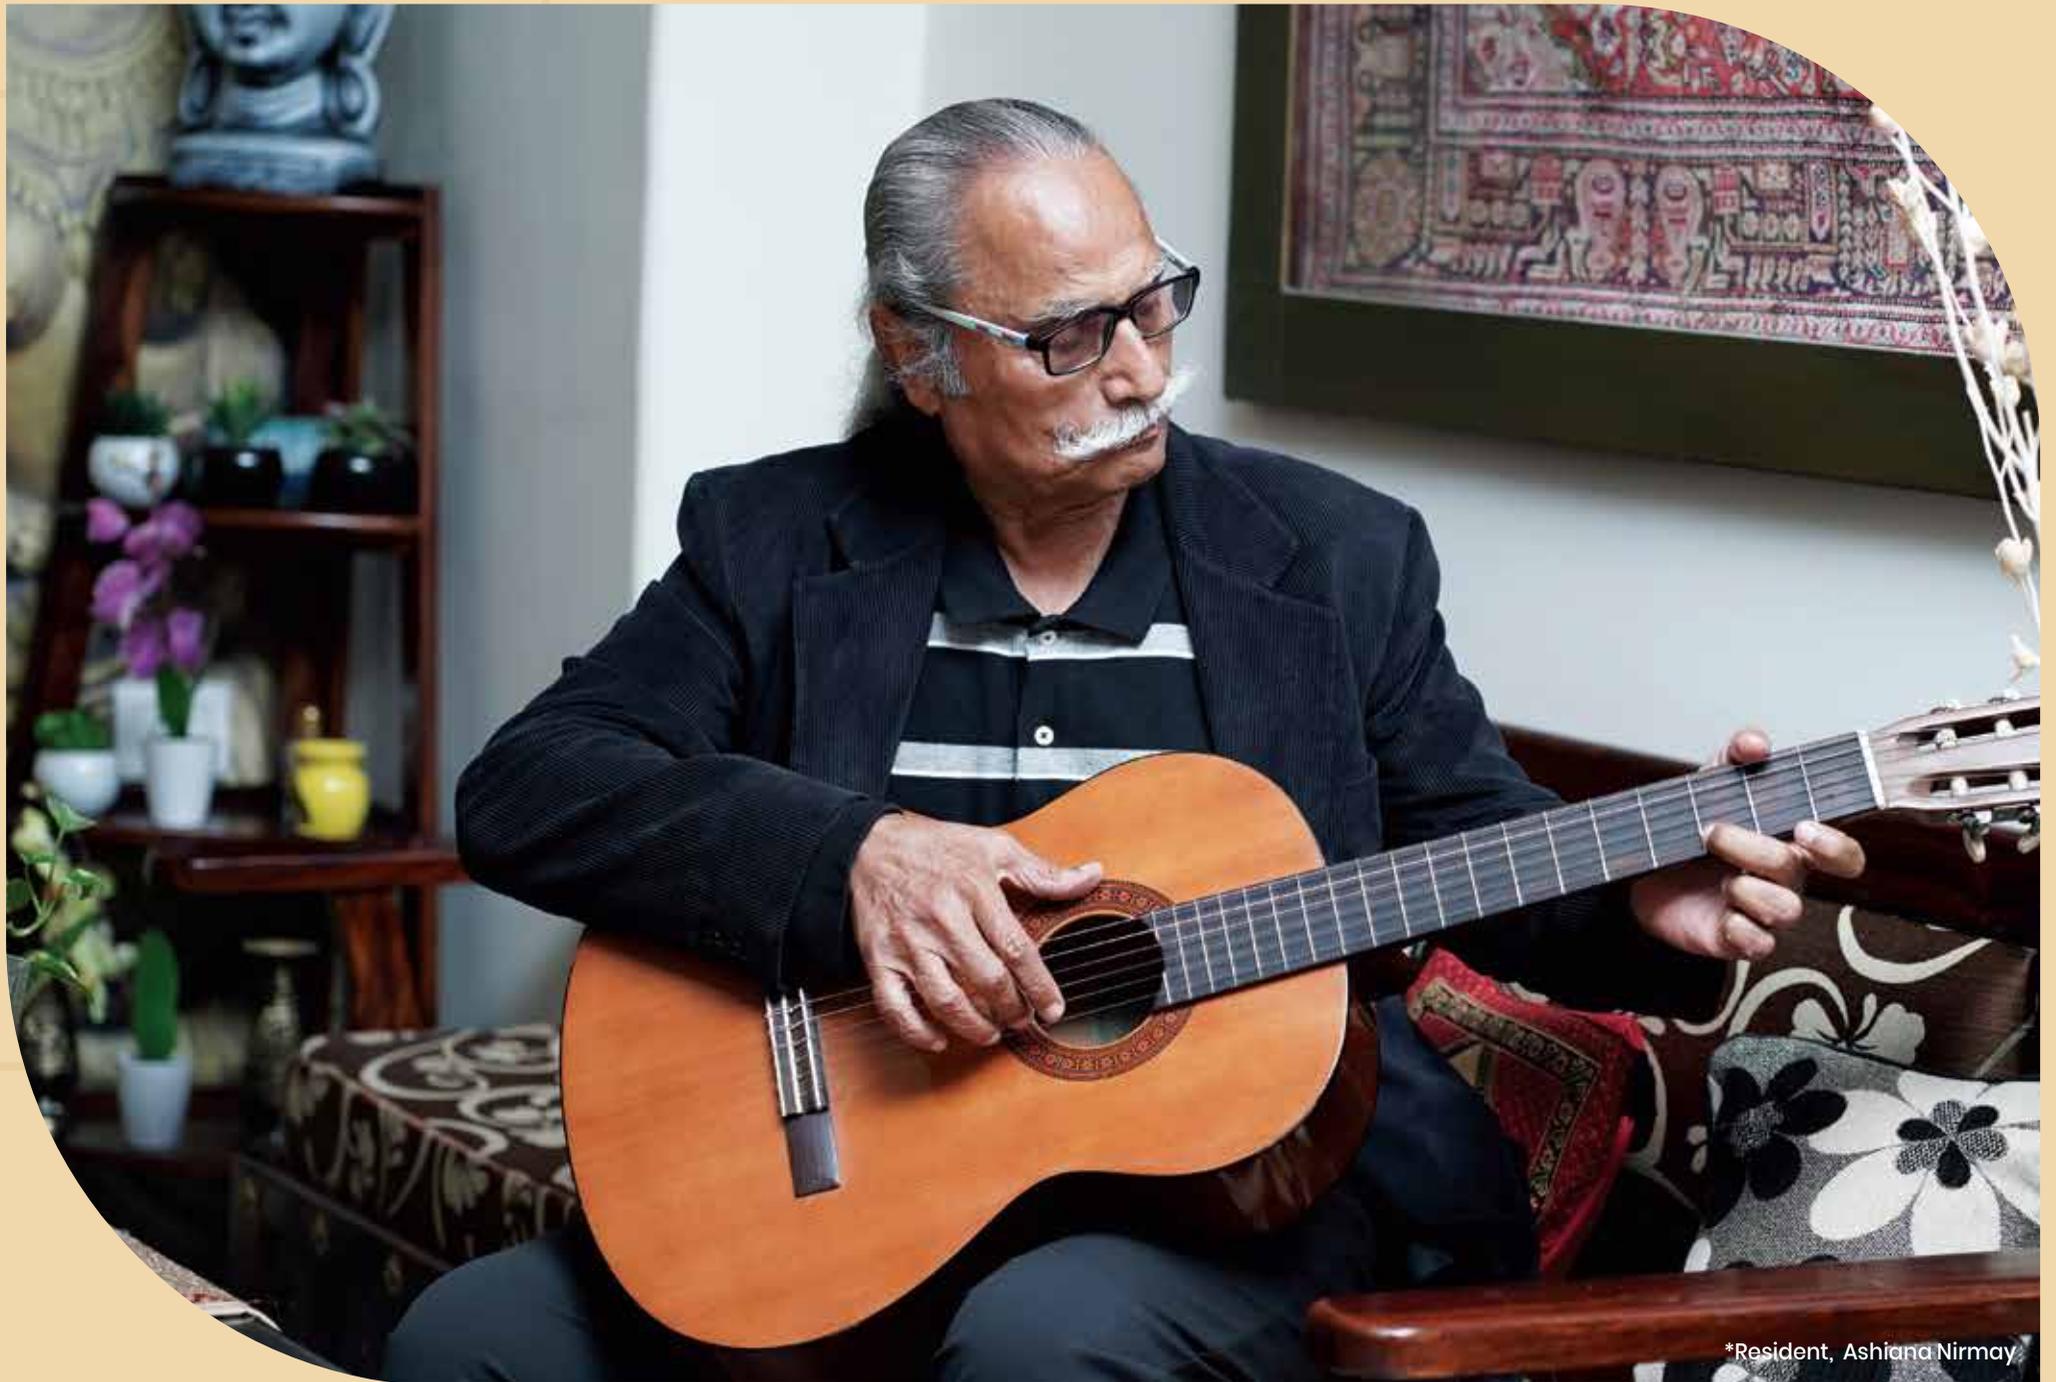

If you're into sports, there are several options at the Activity Centre. Compete with friends at a game of badminton or table tennis or simply enjoy a few laps of swimming.

For the spiritually inclined, there are designated areas for meditation and discussions for the socially active residents.

There is also an OPD and nurse on stand-by whenever needed. And if ever required you will also be able to avail the services of a physiotherapist and caregiver at our Care Homes.

# Rediscover your *passion*

You've spent most of your life working hard and fulfilling responsibilities. And we know there have been times when you wanted to develop a new interest or a hobby but there was neither the time nor opportunity to do that. At Ashiana Nirmay you can change that. You will find numerous opportunities to pursue a hobby, learn a new skill or develop your inherent but unrealized talents.

Take for example, a dedicated art and craft room, where you will have ample opportunity and motivation to bring out your creative side. If music and dance are your passion, there is a dedicated area to pursue them. Who knows, next time you could be practicing for a talent show or a dance festival? And if you prefer flower decoration or cooking, then that shall be done too. Whatever your passion Ashiana Nirmay has it all to facilitate your hobbies.

So go ahead – rediscover yourself!

# Feel safe. Live *Secure.*

We give utmost importance to the safety and security of our active seniors. And hence Ashiana Nirmay has a single-gated entry and guards present round-the-clock, patrolling the area and available to assist residents as and when required.

The concierge service at each block is a special feature at Ashiana Nirmay which not only strengthens security but also serves the needs of the residents. Every apartment has an intercom facility through which residents can confirm the identity of visitors.

For additional peace of mind, there is an emergency response system in each unit which is connected to a central control room. This room also monitors CCTV cameras installed at strategic points across the premises. The staff here also facilitates liaison with the city administration for security clearance of all staff, including domestic help.

# Hassle-free *living*

How many times have you chased the elusive plumber or electrician? How often have you waited for the mason or gardener to turn up?

Our guess is that you must have endured these hassles throughout your life.

Ashiana Nirmay endeavors to end that and facilitate hassle-free living. You will not spend another day worrying about things like plumbing, electrical issues, garbage disposal, bill payments etc. Instead, you can use the time lost in that with family and friends.

There is a convenience shop at walking distance from Ashiana Nirmay for your daily needs that also offers the option of home delivery service. Our unique moving-in services will help you settle into your new abode and give you a warm welcome. You will also be introduced to your new neighbours so that you are comfortable from the day you move in.

If you are looking for conveyance, we also will provide scheduled transportation facility to move within the complex as well as around the city. Not only this, we also organize weekly trips, provided there is enough demand from the residents.

\*Dining Hall, Ashiana Nirmay

## Dining *facility*

Apart from your own kitchen, Ashiana Nirmay offers the option of alternate dining. When you don't feel like cooking or simply crave some variety in your meals, walk down to the dining hall at the Activity Centre and enjoy a delicious pure vegetarian meal. And if you feel like taking it easy, the meal can also be home delivered.

We endeavour to provide hygienic food and take all your requirements into consideration while planning the menu. And if there is enough demand from the residents, we can also get a qualified dietician on board.

# Continuous *Care*

As your physiology changes with time, so will your needs. There will be times when you may require extra care and assistance. To cater to this need, Ashiana Nirmay has been built upon the Continuous Care Retirement Community (CCRC) model. This model incorporates our Assisted Living Facility– Care Homes within the campus which is open to all residents round-the-clock with nurses and caregivers available. Additionally, the services of caregivers from Care Homes can also be extended for follow up care at home on being discharged from the hospital.

Care Homes also provides a nurse for things like first aid, administering injections, checking blood pressure and sugar levels. In addition to this, we also have a physiotherapy centre and an ambulance is always on stand-by in case of any emergencies.

The caregivers undergo intensive 114-hours training on basics of geriatric care, health, hygiene etc. Once trained, they provide expert care and organize regular activities like outings, birthday celebrations, song and dance parties, games etc. to maintain an atmosphere of happiness and positivity.

## Resident – Ashiana Nirmay, Bhiwadi

“I am a retired colonel from the army and after having lived such an active life, I felt like something is missing. Through my wife's colleagues from the Army School, we found out about Ashiana and discovered that this is just the place where we want to settle. Once we shifted here, we were expecting an active life but had no idea of the variety of things we'd find to do. There is a swimming pool, gymnasium, table tennis, billiards, singing, dancing, aerobics, yoga and so much more to keep us busy throughout the day. There is a musical evening every month and my wife, who loves to sing, always takes part in it. We always participate in competitions together like dance competition for instance. We definitely feel like there is no better place for life after retirement.”

## Mr Mukesh Aggarwal **Resident - Ashiana Niramay, Bhiwadi**

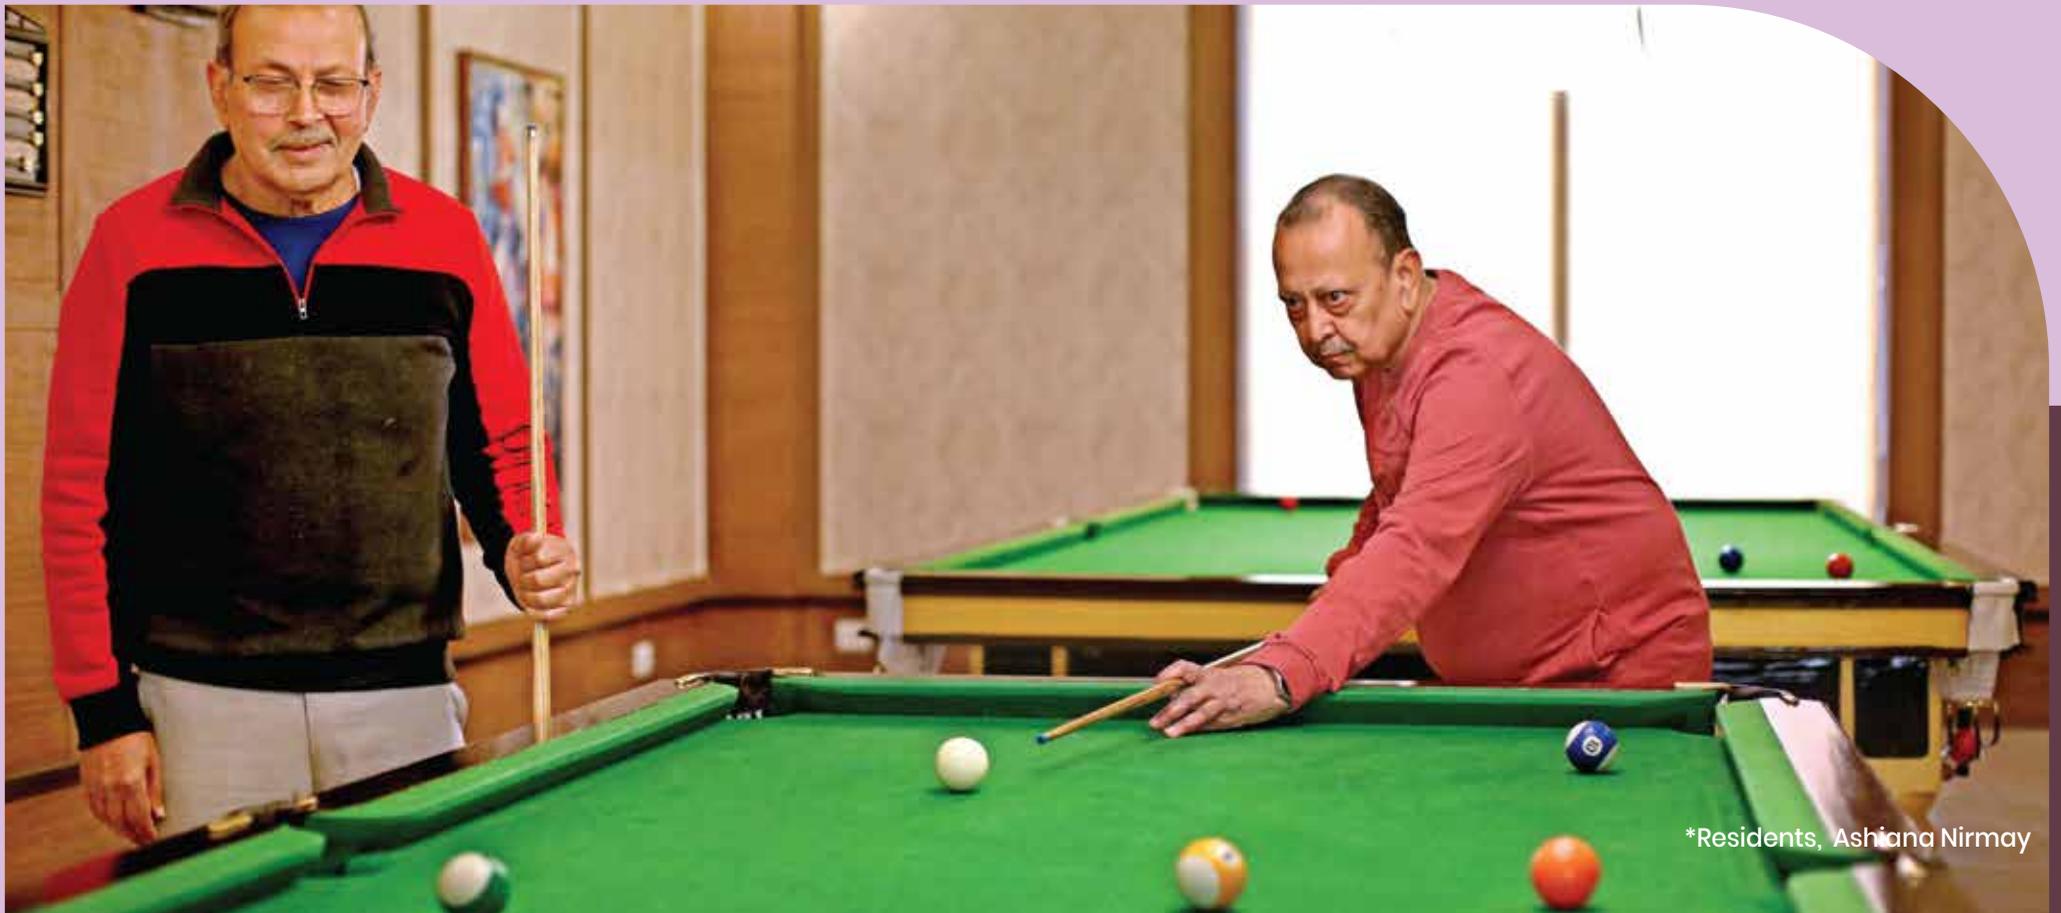

“I’m from Delhi and I used to work for Air India and Indigo before I retired. We shifted to Niramay and I’m happy to say that we are well-settled here. We like the place very much. Normally I wake up at 6 AM and do a little bit of gardening. I am fond of reading and the best part is that whoever comes here, donates their books to the library. Then around 8:30 AM we go to the gym and after 1-1:30 hours, we go to have our breakfast. Either at home or in the café. Every evening there is some or the other activity and we participate to spend quality time with our friends. What I want to say is that we are loving it here. Ashiana is very supportive, and we have made some really good friends. In fact, whoever comes from Delhi to Bhiwadi have sceptical questions like - Where is Bhiwadi? Why have you gone there? etc. But once they come here, they see how nice it is.”

Mr Sabbir Ahmed

## Resident – Ashiana Nirmay, Bhiwadi

“I moved to Nirmay two years ago. First as a tenant for 1.5 years and then moved into my own apartment after experiencing the life here. Coming to the facilities, they are quite adequate and probably the best in the business. We have a swimming pool, billiards, table tennis, carroms and so many more activities. I love billiards and love to play a lot of it. I am also heavily involved with other sports activities here and I call this my little paradise. The café here is very good.

What stands out about Ashiana is that they have always kept their promise and the staff is simply outstanding. So good, so polite, so helpful, it makes me feel so happy that I am here.”

## Mr Shailendra Mishra and Dr Rekha Mishra **Resident – Ashiana Niramay, Bhiwadi**

“We were thinking for a long time about moving to a place where we can get everything we want – like-minded plus same age-group, and moreover a place where we can enjoy our life after retirement. We wanted to have some time for ourselves. One year ago when we came to see Ashiana Niramay, from the first look itself we both loved it and we decided right at that time to come live here as soon as possible. After only 4-5 months of moving here, it went over and above our expectations. There are many activities happening every day and not one day when it feels like nothing is happening. It is nice to know there is something every day for us to do. We have many friends here and this is one place that we can say is value for our money and we would recommend this place as the place where you can find happiness and peace.”
