Soft furnishing, cupboards, furniture are not part of the offering. \*Terms & Conditions Apply: GST, Govt Taxes & Levies, Registration charges, Stamp Duty etc. are additional and as applicable.

1 Square Meter = 10.764 Square Feet | 1 Foot = 0.3048 Meter

# Project AMENITIES & FEATURES

## OUTDOOR FACILITIES:

- Badminton Court & Basketball Court (Half)
- Kid's Play Area & Crèche
- Yoga/Meditation Area
- Senior Citizen's Gazebo
- Central Green Sitting Area
- Cricket Practice Nets
- Shopping Complex/Restaurant
- Community Hall

## INDOOR FACILITIES:

- Cards Tables
- Board Games & Books
- Table Tennis & Pool Table

### Low Thermal Conductivity

Use material like RCC wall, with lower thermal conductivity and use of high SRI materials on roof reduces the heat load of the building. This reduces the HVAC demand and operational cost.

### High Performance Glass

High performance single glazed unit for window and door glass. These glass have good daylight factor whereas very low solar heat gain factor. This increases the daylight in residential unit whereas the reduced solar heat gain factor reduced the heat load.

### Low Flow Water Fixture

Habitat has installed low flow water fixtures in kitchen and restrooms reducing the portable water demand for domestic purpose.

### Waste Segregation

Habitat prime will install post occupancy waste bins on each floor as well as in common area. The waste will be segregated at the house level and then will be stored in common area from where it will be diverted to the waste recyclers.

### Use of Recycled & Regionally Available Materials

Recycle material reduces the demand of virgin materials. This minimizing the ill impact on our natural resources. Regionally procured materials supports the regional economy and reduces the environmental impacts resulting from transportation.

### Energy Efficient Lighting

Energy efficient lower lighting power density in common areas. This reduces the overall energy consumption of the building.

### Electric Charging Point

Habitat prime is providing electrical charging points in the parking area to charge the electric vehicles.

### Natural Daylight and Fresh Air

Each residential unit has optimized window to carpet area ratio for sufficient cross ventilation and fresh air. Ample daylight and fresh air in each residential unit gives healthy work environment to the occupants, thus increases their productivity.

### Low VOC Paint

Use of low VOC, adhesives, sealants, primers, coatings etc. to reduce the ill effect of the gases ejected by these products.

### Rain Water Harvesting

Minimizing the storm-water runoff leaving the project site boundary by installing on-site rain water harvesting tank to capture the rainwater.

### Renewable Power supply

Solar PV will be installed for renewable power to cater the common area load.

### Native Vegetation

Maximum usage of draught tolerant, low water consuming native vegetation to reduce the irrigation water requirements.

### Sewage Treatment Plant

Reduce the demand of potable water by treatment of sewage water and reuse treated water in flushing, landscaping and cleaning.

### Shading Elements of Building Openings

By shading the window, heat gain by solar radiation is reduced. This minimizes the demand of cooling energy.

# Landmark IN THE MAKING

- Located on 75 meter Road of Sector 102, Gurugram
- 2 minutes drive from Dwarka Expressway & Metro Corridor
- 20 minutes from Cyber City / Diplomatic Enclave (Dwarka)
- 30 minutes from Manesar / KMP Express Highway
- Well connected with IGI Airport & NH-8
- Close proximity to prominent medical facilities
- Renowned schools within the close vicinity

## PAYMENT PLAN (SPREAD OVER 3 YEARS)

Linked Stage	Installments
At the time of submission of the Application for Allotment	5% of the Total Cost
Within 15 days from the date of issuance of Allotment Letter	20% of the Total Cost
The balance 75% amount of the flat cost will be recovered as per the stages of construction to be prescribed in the Builder Buyer Agreement	

The above mentioned price list, payment plan and terms & conditions will be applicable as per 'Affordable Group Housing Policy dated 19.08.2013' notified by Haryana Government and any other subsequent notifications as applicable.

# About THE COMPANY

At Conscient, we aim to create what we uniquely can give to the world, not just buildings or homes, but a lifestyle that epitomizes soulful living. Getting the basics of creation right, upholding high standards of delivery and reliability, and creating more value than profits has helped us achieve what we most believe in - Excellence.

This belief, in conjunction with extensive planning and meticulous designing has so far helped us in delivering over ~ 11,000 homes across Delhi-NCR, Dehradun & Goa in the last 4 decades.

In pursuit of excellence, Conscient has partnered with world-renowned architects, designers and consultants, currently helping the company transform over 5 million square feet of space into world class Premium Condominiums, Luxury Villas, Institutional, Commercial/Retail and Value Housing.
