# ARCHITECT HAFEEZ CONTRACTOR

AIAGD Arch, MS Arch & UD (USA), Doctor of Architecture & Doctor of Architecture in Housing (Honoris Causa)

Hafeez Contractors' footprints are indelibly stamped across India. His practice had modest beginnings in 1982 with dedication to design excellence, efficient delivery and sophistication in building technology. Hafeez Contractor heads one of the largest architectural practices in India with over 500 employees, with over 2500 satisfied clients, millions of square feet of projects, in over 100 cities and 5 countries.

Hafeez Contractor has shaped and changed the urban landscape of the country through his revolutionary ideas in executing a wide range of architectural projects.

Hafeez is the winner of several Awards for Excellence in contributions to Architecture including CWAB Architect of the Year (2006 to 2013), A+D Hall of Fame for the Decade Award and India Today's Most Powerful Indians List in last decade. He is also among the few Indian Architects to have featured in the New York Times in their cover story titled "The Man Who Draws India". His greatest recognition by far is The Padma Bhushan which was bestowed upon him in 2016.

For the last 4 decades, Hafeez has advocated the vertical growth of cities, higher FSI, judicious land use and the need for sustainable compact cities to maintain a perfect harmony between increasing population and limited land resources. His dream of "House for Every Indian" and to design "The Rupees One Lakh Home" is something that is very close to his heart and something that he has pursued relentlessly.

One of the designed projects of Hafeez Contractor. Does not in any form represent Godrej Exquisite.
