A LEGACY 124 YEARS⁹ IN THE MAKING

The Godrej story began in 1897, with the manufacturing of locks. Since then, we have set several benchmarks. From a state-of-the-art manufacturing facility in a suburb of Mumbai, we've reached homes, offices, industries and the hearts of millions of people in India and around the world. With a proud tradition of many firsts, we find ourselves at work every day, building on the foundation of trust that was laid 124 years ago.

A LEGACY BUILT ON TRUST

In 1943, Pirojsha Godrej laid the foundation for the sprawling industrial garden township now called Pirojshanagar in the suburbs of Mumbai, where the Godrej Group has its headquarters. Since the establishment of The Soonabai Pirojsha Godrej Foundation in 1943, Godrej has owned and cared for the largest privately managed belt of mangroves in Mumbai. Godrej's conservation efforts include on-site protection of the mangrove ecosystem, regular plantation programmes and management of a mangrove nursery. Over the next 50 years, we see Vikhroli transforming into a green industrial township that cares for its people and environment.
